

Psychology summer work

Task 1:

Create a timeline of Psychology starting from Wilhelm Wundt to present day Psychology. Include enough detail and make it a presentation piece.

Task 2:

Research and create a factsheet for one of the studies below must include a description of the study and include x4 strengths and weaknesses of the study (what was good about the study & what was bad about the study).

Options:

- 1) Attachment – Ainsworth “strange situation”
- 2) Memory – Loftus and Palmer “eyewitness testimony”
- 3) Social influence – Moscovici “minority influence”
- 4) Psychopathology – Watson & Rayner “little Albert”
- 5) Approaches – Bandura “bobo dolls” / Skinner “Skinner box” / Pavlov “Pavlov's dogs”
